Academic Search Ultimate
Search the Academic Search Ultimate database to access more than 9,000 active full-text journals and magazines in various disciplines. A multi-disciplinary database, you can find information from a variety of academic and professional perspectives in the Academic Search Ultimate database.

ATLA Religion Database
Produced by the American Theological Library Association (ATLA), ATLA Religion Database with ATLASerials provides coverage dating back to 1908 with indexing for some journal titles extending back into the 19th century. Full-text journal articles and reviews are selected for inclusion by leading religion scholars. -- Ebsco

JSTOR
JSTOR provides access to more than 12 million academic journal articles, books, and primary sources in 75 disciplines. Produced by the American Theological Library Association (ATLA), ATLA Religion Database with ATLASerials provides coverage dating back to 1908 with indexing for some journal titles extending back into the 19th century. Full-text journal articles and reviews are selected for inclusion by leading religion scholars. -- JSTOR

2. Pick which database you want to use of the three listed and click on the link. Once you do, the Open Athens sign in page will appear. Choose the Open Athens login:
